

## GPS Player Install Instruction

(1) Firmware installation

Install the “driver.exe” at CD disk.

(2) Play the video

Double-click the “player.exe”, Select the file and play it:

Attention:

Cloudy day, obstacle and high speed driving may affect the GPS signal receiving. The car anti-thermo film or other glass films might also affect the GPS signal receiving.

Initial GPS signal receiving need about 3 minutes, depend on specified environment and GPS signal strength.
